

Registration Information

Fall 2008

Registration for the fall 2008 semester has now started.

We encourage you to schedule an advising session to register for classes. These sessions will enable you to meet with a College faculty member, discuss your career goals and sign up for classes for the fall 2008 semester. It is recommended that you contact our Academic Resource Center to **sign up for the Math and English Placement Test** prior to registering for classes. This test is required for all first-time freshmen and transfer students who have not completed a college level English or Math course. If you have any questions about the test or to sign up, call (215)646-7300, ext. 201.
