4. Select the term from the dropdown menu

How can I find out what will transfer to another school?

1. Utilize GAcollege411.org (enter the classes you've taken at GMC and the system will help you determine what will transfer to other schools).
2. Do an internet search for "Transfer Equivalency Guide" for your school of choice.
3. Contact the admissions office for your school of choice and speak with the transfer representative.

How many classes do I have to take to get my GPA up? What grade do I have to get in a certain class to get my GPA up?

1. Utilize <http://back2college.com/raisegpa.htm>

Where do I find the track sheet for my major?

1. Go to gmc.edu
2. Click on Academics
3. Click on Advising Center
4. Select Milledgeville Campus
5. Select Degree Requirements 2014
6. The top section is AS (Associate of Science), the middle section is AA (Associate of Arts), and the bottom is AAS (Associate of Applied Science).

How much longer do I have before I can graduate?

1. Count the classes that you need (see How do I find out what else I need to graduate?)
2. Determine how many classes you will take each quarter (full time is 12 or more credits, usually 3 classes).
3. Divide the number of classes needed by the number of classes taken each quarter.
4. For example, 15 classes are needed, you are taking 3 classes each term:
$$\frac{15 \text{ classes needed}}{3 \text{ classes taken per term}} = 5 \text{ terms}$$
5. Count five terms from the current term and you will know when you will graduate.

What is the course description?

1. Go to gmc.edu
2. Go to Academics
3. Select Catalog
4. Select Current Catalog
5. Select Courses Offered
