Faculty and Staff Profiles

Ms. Azizza Hardy

By Tiquilla Spivey

Ms. Azizza Hardy is one of the newest GMC academic advisors. Ms. Hardy recently received her Bachelor of Science degree in Psychology from Middle GA State College. Her interests include painting and creating artwork through different mediums within photography and photo editing. Ms. Hardy states, “my priority is to show all individuals that they are important and will make a difference in their career fields one day.” Ms. Hardy takes pride in her high standards while leading students towards their chosen career goals at GMC and beyond. Remember it is never too early to consider your next steps after GMC; Mrs. Azziza Hardy is here to help you.

Mr. Christopher Mitchell

By Velice English

Everyone help welcome Mr. Christopher Mitchell to Georgia Military College as one of our new academic advisors. Mr. Mitchell obtained a Bachelor’s of Science degree in Psychology from Middle Tennessee State University (MTSU). His hobbies include listening to music, going to theme parks and playing tennis. Mr. Mitchell’s advice to students is to “NEVER be afraid to ask for help. Sometimes, we are afraid to let others know if we need help; never hesitate to ask.”

Mr. Mathew Carpenter

By Caitlin Romanowski

Mathew Carpenter’s love of the written word began the moment he picked up S.E. Hinton’s *The Outsiders*. From that day on, he was hooked. His passion for reading eventually led him to a teaching career, where he inspires adult minds. Mr. Carpenter’s journey to becoming a college professor began at the University of Mississippi, where he obtained both a Bachelor’s degree in Psychology and English. He then went on to graduate from Valdosta State University with a Master’s in English literature.

After completing his studies, Mr. Carpenter found himself beginning a new chapter in his life. He naturally progressed into being an educator. Strayer University is where he developed the teaching style that he would eventually bring to the classrooms of Georgia Military College. You can find him teaching classes such as English 101, 102, and a variety of Literature.

Mr. Carpenter exudes a passion and authenticity that students can feel. It is evident that he found his niche as GMC’s Assistant Professor of English, as he forges new insights into the world of literature. Mr. Carpenter’s love for teaching is clearly displayed as he comments, “I just really enjoy preparing students for careers and to be well rounded individuals.”

Ethics Bowl Team Wins in Columbus

Ethics Bowl Team Going to California

GMC-WR Wins Ethics Bowl Competition

By Ms. Shirley Siegel

The Ethics Bowl Team from the Georgia Military College's Warner Robins Campus won the GMC-wide Ethics Bowl competition held at the GMC-Columbus campus on January 30, 2015. They have recently returned from competing in the annual Two-Year College Ethics Bowl held in Costa Mesa, CA.

Ethics Bowl teams debate ethical questions presented at the competition on a wide variety of issues. These include social, political and professional ethics, as

well as classroom ethics. Students are judged on their ability to provide a clear and systematic presentation of not only the team's viewpoint, but also of alternate viewpoints on the issue being discussed. "This broadens the students' ability to consider and understand the complexities of ethical issues," according to Ms. Shirley Siegel, one of the team's coaches.

The Two-Year College Ethics Bowl competition is sponsored by the Association for Practical and Professional Ethics.
