

What Can I Do With a Major in...

Nursing?

The School of Nursing offers an associate's, bachelor's and master's of science degrees. Freshman experience the "profession" in the hospital environment very early in their educational career at Gwynedd-Mercy College. With more than 200 regional health care affiliations, the clinical experience is always varied and first rate. Students in the bachelor's and master's programs can use work experience for credit through the School's portfolio credit program. The School also offers a weekend nursing option (Saturdays and Sundays) for those that already hold a BA or BS degree in another field. This program begins in the fall and is scheduled in a four-semester format.

Skills/Competencies Associated with Nursing Majors:

- Aptitude for science and health
- Ability to make quick judgments based on observation
