DEFINITION OF HYBRID COURSES

A hybrid course is a course that blends the classroom experience of a traditional course with the schedule flexibility of an online course, allowing a student to enjoy the benefits of both. Students will attend class during the scheduled class times. Students should understand that many assignments are due on non-meeting days throughout the term.

Instructors will use GMC Portal (portal.gmc.edu) and Moodle (<http://gmc.mrooms3.net>) for class instruction, assignments, class discussions, etc. for the course as well as to track absences and grades. Students not familiar with GMC Portal are encouraged to seek assistance in the library (Building A in Room 215).
