

## Daily Activity Schedule

<b>Name:</b>		<b>Term:</b>		<b>Credit Hours:</b>		<b>Study Hours Needed:</b>		
<b>Day</b>	<b>Monday</b>	<b>Tuesday</b>	<b>Wednesday</b>	<b>Thursday</b>	<b>Friday</b>	<b>Saturday</b>	<b>Sunday</b>	
7am								7am
8am								8am
9am								9am
10am								10am
11am								11am
12pm								12pm
1pm								1pm
2pm								2pm
3pm								3pm
4pm								4pm
5pm								5pm
6pm								6pm
7pm								7pm
8pm								8pm
9pm								9pm
10pm								10pm
11pm								11pm

Color code adding all of your daily tasks: sleep, class, meals, study time and personal time

To calculate study time rank courses give a 4 to the hardest class and 3 for others.

Multiply the assigned number by 3 and 2 respectively.

Ex. Chemistry 4 X 3=12 hrs study time/week

English 3 x 2= 6 hrs student time/week

Color code adding all of your daily tasks: sleep, class, meals, study time and personal time

To calculate study time rank courses give a 4 to the hardest class and 3 for others.

Multiple the assigned number by 3 and 2 respectively.

Ex. Chemistry  $4 \times 3 = 12$  hrs study time/week

English  $3 \times 2 = 6$  hrs student time/week
