## Instructions for providing the required cadet physical and immunization forms

All incoming residential students (cadets) for the Milledgeville campus are **required to provide proof of medical readiness** prior to their enrolling into GMC as a member of the Corps of Cadets. This is required due to the strenuous nature of the activities that the members of the Corps of Cadets participate in, including daily physical training, Army ROTC training and other cadet physical activities. If you have any questions about this information, contact the **GMC Student Health Services Clinic at 478-387-4839**.

### Physical Documentation:

*The various cadet programs at GMC have different requirements for documenting a cadet's physical readiness. Depending on the cadet program you are entering, you should submit the following documentation:*

If you are a cadet participating in the **Early Commissioning Program (ECP)**, **State Service Scholarship Program** or **the Basic Cadet Program** and have a completed **Military Entrance Processing Station (MEPS) physical** that is less than one year old, you should provide a complete copy of the following forms: **DD Form 2707-1**, (Report of Medical History) and **DD Form 2808** (Report of Medical Examination).

If you are a cadet participating in the **Early Commissioning Program (ECP)** and have a **Department of Defense Medical Evaluation Review Board (DODMERB) physical** less than one year old, you should ensure that those forms have been submitted (**DD Form 2492** and **DD Form 2351-front and back pages**).

If you have been selected to participate in the **U.S. Coast Guard Academy Preparatory Program**, you should submit your **Department of Defense Medical Evaluation Review Board (DODMERB)** that is less than one year old.

If you are a cadet participating the **Basic Cadet Program** and **do not have a military physical**, you must complete the **GMC Cadet History and Physical Examination Form** and submit one that is less than one year old.

**All physicals need to be updated annually during enrollment in the Corp of Cadets.**

### Other Required Health Forms:

**Immunization records:** All immunization records must be sent to Health Services. If you use the GMC Cadet Immunization Certificate form, it **must** be signed by a healthcare provider.

**Meningitis Vaccine Waiver Form:** This form is used to verify that the cadet has received a vaccination against meningococcal disease or has reviewed the information provided and declined to be vaccinated.

**Tuberculosis Screening:** The GMC Tuberculosis Screening Questionnaire must be completed and reviewed by Health Services to determine if further testing is needed.
